

## Guaranteed and Certified Quality

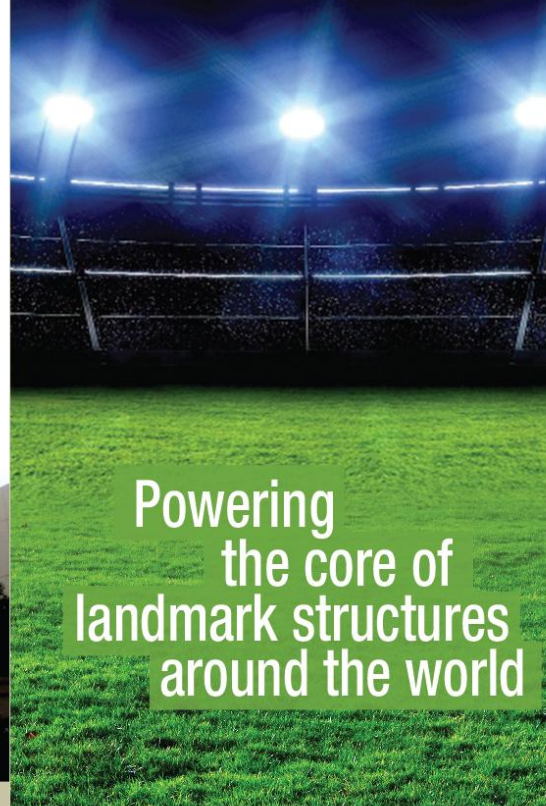

The commitment to meticulous design by our skilled engineers has not gone unnoticed. EMP LV&MV Panels & Switchboards have been awarded with the Ceylon Institute of Builders (CIOB) Green Mark – Gold Award, recognizing our focus towards manufacturing flawless quality, sustainable products.

The quality and safety of our products are also guaranteed with the ASTA Type Test Certification up to 6000A, presented by global quality assurance provider Intertek.

EMP is equipped with ISO Management Systems (ISO 9001: 2008, ISO 14001: 2004, ISO 18001: 2007).

We have leveraged on our strategic partnerships with leading global brands to create the most superior quality panel boards.

## Guaranteed and Certified Quality

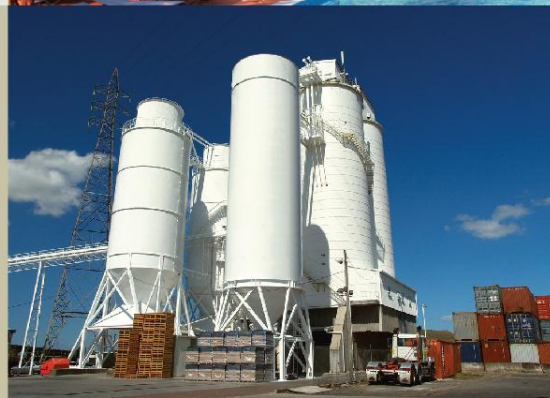

Over the last two decades of operation, EMP has mastered the art of design and fabrication of Low Voltage and Medium Voltage (LV & MV) panel boards for all types of projects.

From residential to commercial, from factory premises to mega constructions, we supply and install panel boards across all sectors and industries, offering total reliable quality to customers. We are capable of manufacturing type-tested panels up to 6000A, adhering to the latest IEC 61439-2 international standard.

Our highly qualified and experienced engineering staff meets and exceeds customer expectations by rigorous evaluation, followed by the design and execution of best value engineering solutions.

### Key Features:

- Up to 100KA short circuit breaking capacity
- Up to Form 4 separation for ultra-safe operations
- Up to IP 64 Ingress Protection (IP) rating
- Modular enclosure enabling adaptability through future expansion
- Assembled form free standing enclosure

### Products:

- Type Tested Main Switch Boards up to 6000A
- Power Distribution Panels
- Automatic and Manual Changeover Panels
- Motor Control Centers
- Automatic Power Factor Correction Capacitor Banks
- PLC and Automation Panels
- Fire Pump Control Panels
- Synchronizing and Load Sharing Panels for Generators
- Sewage and Water Treatment Panels
- Feeder Pillars
- MV Switch Boards
